- github.com/abhishek9608abhi

OBJECTIVES -

- To Establish a Symbiotic relationship with the Organization. I Work for organization as well as Personal Growth and Success.

PROJECT :-

- I. **CAR COMPARISON SYSTEM** (Major Project in MCA 6th sem)
Technology : HTML5, CSS3, BootStrap, Java, MySQL

The Title of the project is "Car Comparison". Before buying a car it's best to compare its feature and characteristic with other cars. This project car comparison system focuses on providing buyers an estimate of the similarities and dissimilarities between two cars. User can select two cars and the system will generate a brief report indicating the benefits and defects. Thus it helps user to analyze the cars effectively and user can make best decision before buying.

- II. **INDO-GULF CONSULTANCY** (Minor Project in MCA 5th Sem)
Technology : Java , MySQL

The Project mainly deals with, associate requesting the Unemployed and also the clients requirements, storing information about the status of the qualifications available in the customers and to update the clients related tables for the selection of the persons that can be fit into the job by the consultants to their clients.
